

Prior to joining the firm, Mojgan worked on numerous development projects at private planning and engineering firms, where she gained extensive experience in a variety of planning and development applications, including residential infill developments, low-rise townhouse developments and plans of subdivision particularly within the Region of Durham.

Since joining Bousfields, Mojgan is involved in a wide range of land use planning and development projects throughout Toronto and GTA. Mojgan is involved in the management of various development applications, including Official Plan Amendment, Zoning By-Law Amendment, Site Plan Approval, Draft Plans of Subdivision and Committee of Adjustment applications. She is also responsible in conducting policy research and analysis towards preparation of supporting planning materials including planning rationale reports, draft Official Plan and Zoning By-law amendments. She also assists with the preparation of evidence and materials for applications before the Local Planning Appeal Tribunal (LPAT).

Mojgan is currently a Candidate member of the Ontario Professional Planners Institute (OPPI), working towards full membership.
