

Shadi brings several years of public and private sector experience working at the intersection of architecture, planning, development and urban design. As a Registered Professional Planner with Master's Degrees in Architecture and Urban Planning, Shadi successfully builds collaborative relationships with multi-disciplinary teams to deliver creative solutions for projects of any scale. Prior to re-joining Bousfields, Shadi worked for 10 years as an Urban Designer for the Town of Oakville where she contributed her expertise to wide range of development projects, master plans, and urban design studies and guidelines.
