

Agnes is the Manager of Community Design where she manages and co-ordinates the design and preparation of multiple development projects of all scales, including Concept Plans, Draft Plans of Subdivision and Condominium, Site Plans, Official Plan Amendments and Zoning Bylaw Amendments. With her knowledge of planning policy and regulations, technical design abilities and multi-disciplinary background, Agnes has the ability to manage complex planning processes. As Manager of Community Design, Agnes remains hands on when it comes to designing projects, while ensuring corporate and project standards for the design group.
