

Claudia joined Bousfields in November 2011 as an urban designer. Prior to joining the firm, Claudia worked on numerous architectural projects in Canada and Peru. She has experience in master planning, design development and construction review of architectural and urban design projects. Her responsibilities at Bousfields include preparation of the assessment of built form options; built form impact analysis, including shadow, angular plane and view analysis; and zoning by-law schedules. Assisting in the preparation of planning and urban design rationales in addition to avenue segment studies related to proposed developments, urban design guidelines, urban design briefs; and land use planning and urban design evidence for Ontario Municipal Board hearings.

Claudia is currently a Pre-candidate member of the Ontario Professional Planners Institute (OPPI) and Canadian Institute of Planners (CIP); and an OAA Intern Architect working towards full Membership. She is also a full member of the Architects Association of Peru (CAP).
