

Andrea joined Bousfields in September 2021 as a Planner. She holds a diploma in GIS and Urban Planning from Fanshawe College and a Bachelor's degree in Urban and Regional Planning from Ryerson University.

Andrea has experience in both the planning and real estate industries. In Andrea's final semester of her Bachelor's degree, she interned at a boutique planning law firm which developed her passion for development planning. After she graduated in 2019, Andrea worked at a real estate company for close to two years where she was involved in tracking development activity across the City of Toronto. Prior to joining Bousfields, Andrea worked as a Planner at a consulting firm where she was involved in a variety of development projects across the GTA.

Since joining Bousfields, Andrea has assisted with several projects across the GTHA which involved the preparation of due diligences, planning opinion letters, planning rationale reports, community services and facilities studies, housing issue reports, and coordination and submission of development applications.
