

Brynne is a Senior Planner with Bousfields. Prior to joining the firm, Brynne worked as a Planner in a variety of roles, both municipally and in consulting, most recently with the City of Thorold. She has a broad range of development experience, including infill developments and greenfield development, as well as rural planning.

Brynne is involved in the management of various development applications, such as Official Plan and Zoning By-law Amendments, Plans of Subdivision and Condominium, and Committee of Adjustment applications. This includes the preparation of planning rationale reports and associated studies as well as file management and coordination.

Brynne holds a Bachelor of Environment in Planning from the University of Waterloo, and a Masters of Science in Environment and Development from the University of Edinburgh. Brynne is a full member of the Ontario Professional Planners Institute and Canadian Institute of Planners.
