

Andrea joined Bousfields in May 2024 as an Urban Designer. Prior to this, he gained extensive experience working on a variety of urban design and planning projects at a prominent firm in Toronto. He holds an Honours degree in Environmental Design from the University of British Columbia and was recognized with the Autodesk Computational Design Award for his innovative housing proposal in Oakland, California.

At Bousfields, Andrea is responsible for conducting massing analysis, performing shadow studies, preparing urban design briefs, creating block context plans, and providing evidence for Ontario Land Tribunal hearings.
